

UFV MATH & STATS CENTRE

Free online help!
No appointment necessary

The Math & Stats Centres are great places for students to study mathematics and statistics in small groups, or get individual help from faculty members or student monitors.

UFV Math & Stats Centres provide students with:

- **Individual help** with concepts taught in any of the UFV Math or Stats courses
- A place to **study collaboratively** in small groups
- **Support with online homework systems** like WebAssign or WebWork
- **Support with mathematics and statistics software** like Maple or Minitab
- **A library** of mathematics and statistics books & journals

Become a Math & Stats Centre Monitor!

- If you love math or stats and are passionate about helping others, apply for a Math & Stats Centre Monitor position [here](#).

UFV Math & Stats Centre virtual locations:
