

Testimonials

I have completed my 2nd and 4th year of Carpentry Apprenticeship at UFV. Great Facility, well equipped shop. I feel I learned a lot from the material given and the way the course was taught by Ted. Overall I had a great time @ UFV and will highly recommend this facility to future young trade's people or future apprentices.

Graduate 2011

It was a great experience to learn and work in the top of the line facility here at UFV in Chilliwack.

Graduate 2011

Under the wings of Ted for the past 3 years, I feel confident and proud to finally call myself a "Carpenter." IP for me now stands for "I'm Prepared."

Graduate 2011

Experience was good. Learned a lot of trades work. Teachers were very helpful.

Graduate 2010

I was impressed with how quickly UFV was able to put me through all 4 levels.
