

Apprenticeship

Four Steps to Apprenticeship Training

Are you interested in becoming an Apprentice?

If you are working in the carpentry, electrical or automotive service industries, why not become an apprentice?

- 1.** Visit the Industry Training Website (www.itabc.ca) and download the *Trainee/Apprentice and Sponsor/Employer Registration Form*. Fill out the *Trainee/Apprentice* portion of the form, and have your employer complete the *Sponsor/Employer* section.
- 2.** Fax the completed application to 778-328-8701. In 4-6 weeks, you will receive a Registration number and an Apprenticeship ID Number.
- 3.** Contact the Trades & Technology Department, University of the Fraser Valley by calling 1-888-504-7441, local 5448. You can also email apprenticeship@ufv.ca, or fill out the UFV Training Request form [[link to Training Request Form](#)]. You will need to provide your Apprenticeship ID number in order to be placed on the lists.
- 4.** If you have a confirmed seat for a particular session, we will contact you by mail three months prior to the start date of your training. If you have asked to be waitlisted, you will be contacted by telephone or email if your name comes up. This may occur closer to the training start date.

For more information, please contact apprenticeship@ufv.ca or call 1-888-504-7441, local 5448.
