

Discussion Questions

1. Do you think the risk factors identified in the paper are important for UCFV?
2. What could be other risk factors for entry level students in your department/faculty?
3. Is your faculty/department taking steps to mitigate risk factors associated with students entering UCFV? If yes, what are these initiatives?
4. What other steps/measures could be taken by your faculty/department to reduce the risks of not succeeding at UCFV?
