

Persistent links direct students to specific full-text journal documents found in our research databases. These links are stable, and can be accessed from both on and off campus. These links could be used for e-reserves, electronic reading lists or incorporating into Blackboard and other online course resources.

1. From the results list, click on the book title.

2. A new URL will appear in the address bar of your browser. This is the persistent link.

The persistent link will look like this:

<http://www.sage-ereference.com/view/crimepunishment/SAGE.xml>

3. To access the book off campus you need to add the following prefix to the existing url:

<http://proxy.ufv.ca:2048/login?url=>

4. The finished URL will look like this:

<http://proxy.ufv.ca:2048/login?url=http://www.sage-ereference.com/view/crimepunishment/SAGE.xml>
