

Persistent links direct students to specific full-text journal documents found in our research databases. These links are stable, and can be accessed from both on and off campus. These links could be used for e-reserves, electronic reading lists or incorporating into Blackboard and other online course resources.

1. On the results list, find the DOI number.

Catechol releases iron(III) from ferritin by direct chelation without iron(II) production
Purificación Sánchez, Natividad Gálvez, Enrique Colacio, Elena Mifiones and José M. Domínguez-Vera
Dalton Trans., 2005, 811-813
DOI: 10.1039/B416669H + Expand | PDF | Rich HTML

The DOI number will look like this:
10.1039/B416669H

2. To access the article off campus you need to add the following prefix to the existing url:
<http://proxy.ufv.ca:2048/login?url=http://dx.doi.org/>
3. The finished URL will look like this:
<http://proxy.ufv.ca:2048/login?url=http://dx.doi.org/10.1039/B416669H>
