Portfolio Commentary: “Playgroup Survey” by Dorothy _____

Comments:

- Dorothy included a playgroup survey because it demonstrates her creativity in relating to various client groups with various needs.
- Often accompanying this type of evidence is commentary from the author as to whether the document was successful in its goal (or whether it was unsuccessful, and what lessons were learned by the author).

What it demonstrates:

Critical Thinking Skills

- *Seeks to understand community resources and refers appropriately*
- *Constructs innovative practices based on own experiences and feedback from others*

Self-Reflective Skills

- *Is receptive to feedback – demonstrates this by implementing suggestions for improvement*

Professional Skills

- *Written communication is clear, logical & objective*
