

As an employee of the Abbotsford Community Services, I have had experiences in working with people from diverse backgrounds. Also my active volunteer involvement with UFV: ranging from the Alumni office, CIVL Radio, Student Services, and also the UFV International office and including my weekly volunteer commitment with the Abbotsford Community Services - all of which represents my passion and love for the community.

I am passionate about social justice and work at empowering and fostering a compassionate community. My current study in Social Work has provided me various skills and knowledge to represent the UFV student body with integrity, dignity, respect, fairness, courtesy and compassion - all values I strive at protecting and fostering everyday within me and the people around me.

I thank you for your time and I look forward to becoming your representative.
