

To whom it may concern,

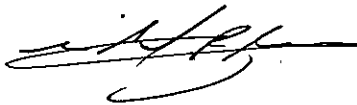

My name is Michael Blackburn. I am currently enrolled in Arts Studies at UFV looking forward to entering into the Bachelor of Arts program, as to obtain my degree with a major in English. My goal is to gain a career as a High School Teacher. I currently have no degrees from any formal government recognized institution. However, in 2010, I did achieve a certificate of completion from a character building program called 'The Master's Commission'. This program's aim is to instill integrity, servant-hood, and good moral/work ethic among the students.

Also for the last two years I have held a position in leadership over youth and young adults at City Life Church in Chilliwack, BC. This role has taught me a great deal about authority, objective decision making, and maintaining relationships.

I have no other professional accomplishments to list at this time. I would like to state that I believe I will be a well suited candidate for the position in mention. I have good moral standing, a strong sense of objective reasoning, and a determination to be successful at everything I do. This position means a lot to me and if I fail to obtain it I hope you will keep me under consideration for any other roles that open up in or around this area of reference. Thank you for your time and consideration.

Sincerely,

Michael Blackburn.
