

## ELLICE DANIEL, BSW, MSW, RSW

### Career Objective

To obtain a sessional faculty position that will enable me to use my strong organizational skills, educational background, and ability to work well with people, within a university setting.

### Related Experience

- 10 years experience working with individuals, couples, and families
- Experience with individual, couple and family counselling, group work, program and community development as well as grief and loss counselling
- Knowledge of counselling interventions and treatment models including experience in assessments, individual counselling and group work.
- Skilled in communication, conflict resolution, developing community networks and resources
- Capable of working independently and co-operatively as part of a multi-disciplinary team.
- Proactively plan, establish priorities and allocate resources
- Develop and implement complex plans while monitoring and adjusting work to accomplish goals and deliver to organizations mandates
- Establish and maintain co-operative working relationships with other Health Authorities, external agencies, other stakeholders and agencies to ensure an understanding and promote government and ministry goals and objectives
- Engage in ongoing education to maintain current and relevant practice, including clinical education
- Committed to respectful team work and excellent cross-discipline collegial relationships
