<b>Undergraduate Education Committee (UEC) approval</b>		<b>Date of meeting:</b> March 1, 2019															

Labs to be scheduled independent of lecture hours: ☐ No ☐ Yes

**Learning Outcomes:**

Upon successful completion of this course, students will be able to:

1. Demonstrate communication strategies to use with clients demonstrating sensory, language, and/or cognitive changes.
2. Describe and practice effective communication skills during critical incidents in a simulated environment.
3. Describe how to effectively communicate with clients and team members in end-of-life care.
4. Describe approaches to sharing information with clients and families in a respectful manner that is understandable, encourages discussion, and enhances participation in decision making.
5. Demonstrate use of various communication tools, i.e. SBAR.
6. Explore strategies to give and receive feedback effectively to other health team members.
7. Identify their own leadership style and how it may impact relationships with other health team members and clients.
8. Explain the relationship between communication and culture.
9. Identify challenges preventing effective communication across cultures.
10. Explore communication approaches that are compassionate, culturally competent, and based on relationship-centred care for all cultures with consideration for First Nation, Inuit, and Métis clients, their families or communities.

**Prior Learning Assessment and Recognition (PLAR)**

☐ Yes      ☐ No, PLAR cannot be awarded for this course because
