**Learning Outcomes:**

Upon successful completion of this course, students will be able to:

1. Practice within relevant legislation, Entry to Practice Competencies for Licensed Practical Nurses (CCPNR, 2013), Scope of Practice: Standards, Limits and conditions (BCCNP, 2017), Professional Standards for LPNs (BCCNP, 2014) and Practice Standards (BCCNP, current editions), the Nurses (Licensed Practical) regulation (2014) and facility-specific policy and procedures.
2. Provide culturally informed, safe, competent, and ethical care to clients experiencing medical or surgical challenges.
3. Independently apply critical thinking, clinical judgment and knowledge of assessment to plan, implement, and evaluate the agreed upon plan of care for stable post-operative or medical clients across the lifespan.
4. Independently implement nursing interventions and make practice decisions that are client specific and consider client acuity, complexity, variability, and available resources.
5. Recognize and respect the roles and ability of other members of the health care team in the acute care setting.
6. Recognize changes in client status and collaborate with other members of the health care team to develop a plan of care.
7. Provide a caring environment for clients and families by connecting, sharing and exploring with them in a collaborative relationship.
8. Deliver culturally informed, trauma-informed, relational care that recognizes and respects the uniqueness of each individual and is sensitive to culture and diversity.
9. Demonstrate teaching and learning through a continuum of care and discharge planning.
10. Provide leadership, direction, assignment, and supervision of unregulated care providers in the acute care setting.
11. Advocate for and lead change reflective of evidence-informed practice.
12. Identify how interactions with clients and other members of the health care team are influenced by own biases, values and assumptions.
13. Seek out and engage in continuous learning to maintain and enhance competence.
