Learning Outcomes

Upon successful completion of this course, students will be able to:

1. Articulate an understanding of etching and collograph processes and their application to image development.
2. Apply basic intaglio, collograph and relief techniques.
3. Demonstrate basic digital scanning techniques and digital file-to-print preparation.
4. Discuss the conceptual possibilities inherent in printing on alternative surfaces and presenting in alternative formats.
5. Demonstrate familiarity with the basic vocabulary used in print media and digital imaging editing software.
6. Demonstrate a safe and considerate use of the facility
7. Articulate base knowledge of the analytical skills used in critiques.
8. Show competence in the use of multiple plate printing and registration techniques.
9. Demonstrate the usage of a range of colour outcomes in regard to multiple plate printing.
10. Articulate a variety of approaches to writing an artist's statement.
