Learning Outcomes *(These should contribute to students' ability to meet program outcomes and thus Institutional Learning Outcomes.)*

Upon successful completion of this course, students will be able to:

1. Identify and use the controls of a 35 mm camera.
2. Demonstrate processing and printing methods for 35 mm black-and-white film.
3. Safely implement darkroom chemistry.
4. Explain the basic vocabulary used in black-and-white photography.
5. Apply the principles of natural light, composition, and design in film photography.
6. Respond respectfully to the critical feedback of others.
7. Articulate from different perspectives why film photography matters – to themselves and to others, recognizing the cultural specificity of diverse Indigenous photographic practices.
8. Discuss their own work from inclusive and equitable perspectives.
