<u>Arts in Context: Modernism</u>		
COURSE DESCRIPTIVE TITLE		

CALENDAR DESCRIPTION:

The primary objective of this course is to foster an understanding of how visual arts from between circa 1850 to 1945 demonstrate and contribute to the social and political phenomenon called Modernism. This course offers an investigation of the ways in which the arts in Europe participated in a redefinition of the past, present, and future in times of political and social upheaval. Modernism, as defined here, is a unique historical attitude, which deeply affects our current understanding of the world.
