**CALENDAR DESCRIPTION:**

This course prepares students, with or without project management experience, to work as collaborative, effective, and efficient project team participants and communicators. Students will practice the process of communication within project management that provides clarity, direction, and team success. Students will be introduced to a variety of project management documents and project team roles. They will also learn how to use a variety of written, oral, and interpersonal communication strategies to enhance the project team experience. This course can be applied to a wide variety of workplace settings and projects.

**PREREQUISITES:** 60 university-level credits, plus one of CMNS 351, CMNS 360, CMNS 365, or BUS 457
