Learning Outcomes *(These should contribute to students' ability to meet program outcomes and thus Institutional Learning Outcomes.)*

Upon successful completion of this course, students will be able to:

1. Record the fees by list, category and associated 5-digit billing codes for dental procedures, lab, and expenses.
2. Identify the correct fee code for dental procedures to develop an accurate patient treatment estimate utilizing Power Practice.
3. List additional supporting records to be included when preparing a treatment estimate for insurance plans.
4. Assess outgoing and incoming treatment plan estimates.
5. Produce accurate digital records.
6. Communicate an accurate treatment estimate cost breakdown for the patient.
7. Develop a list of treatment planned dental procedures, linking an appointment duration time and provider.
8. Schedule a patient by linking the treatment planned appointment into the Power Practice schedule, applying dovetail and body clocking techniques as appropriate.
