LEARNING OBJECTIVES / GOALS / OUTCOMES / LEARNING OUTCOMES:

By the end of this course, students will have improved their ability to communicate in French. Students will be able to:

- Give or ask for information about requests
- Make and respond to offers
- Give or ask for information about the presence or availability of people or things
- Express will (intention), hopes and wishes, tastes and preferences

METHODS:

Using a variety of audio-visual techniques, new words and forms are presented and then reintroduced several times in different role-playing situations based on the authentic work environment, and reinforced through written and oral assignments completed at home. Thus students are able to gradually use and re-use the material to be learned while working together in small groups and pairs.
