Purchasing furniture, equipment, computers and computer software:		
1236		Less than \$5,000 a unit including taxes
1410		Furniture and equipment greater than \$5,000 a unit or collection of items
1411		Computer hardware greater than \$5,000 a unit including taxes
1412		Computer software (not maintenance) greater than \$5,000 a unit including taxes
<p>Note: A unit is an individual item OR a collection of items that taken together are considered a unit. For example: a desk with run-offs and filing drawers is considered a unit. A group of like assets, such as 10 computers purchased together is considered a unit. If you have questions on what constitutes a unit, please contact your financial liaison.</p>		

Note 1: Computers are to be purchased through our ITS department. This enables us to track university assets, warranties and supports our institutional technological network.
