

# Discover the benefits of our vision care partnership

## An easy and affordable way to purchase quality glasses and contacts

Sight is precious. Fortunately, many vision problems may be corrected through healthy habits, including regular check-ups and wearing properly prescribed and fitted eyewear.<sup>1</sup>

We've partnered with FYidctors® and associated brands (BonLook®, and Visique®), so you and your eligible dependants have the option to purchase frames, lenses, and contacts at discounted prices.

### Affordable access to quality eyewear

Vision conditions such as myopia and eyestrain are on the rise.<sup>2</sup> Given that the cost of eyewear can vary, you may be responsible for all or part of the costs (depending on your coverage).

When you and your dependants choose to visit any of our vision care partners, you are eligible for cost savings opportunities such as:

- discounts on all frames, lenses, and contacts
- special pricing on packages and other promotional campaigns

### Convenient vision care experience

Tap into our vision care partnerships and you can conveniently:

- book appointments for eye exams and find local clinics through the Manulife Mobile app or plan member site
- shop in person at hundreds of locations from coast to coast and enjoy convenient checkout with direct billing to Manulife\*
- shop online with a valid prescription
- fill prescriptions from the eye care provider of your choice for glasses or contact lenses

### Supporting your overall eye health
