

It's eye doctor day

When your whole family needs glasses, costs can add up, and that can be a challenge for the family budget.

Your benefits plan can help!

Show your Manulife group benefits card when you choose to purchase prescription eyewear at any FYIdoctors®, BonLook®, or Visique® location across Canada or when you shop online through the Manulife Mobile app or plan member site. You and all your eligible family members will receive special, negotiated discounts on lenses, frames, and contacts.

When your family needs glasses, affordable vision care helps you get more eye health from your benefits.

No obligation: This offer is available to all Manulife group benefits members. Even without vision coverage, you can benefit from the discounts offered. Using this service is optional. You and your family can continue seeing the eye care provider of your choice outside of this program and submit claims to your benefits plan as usual if you have vision coverage.
