

CANADIAN MATH KANGAROO CONTEST

The contest promotes mathematical thinking and interest in math by letting students compare their skills with peers provincially and nationally.

PARTICIPANTS

Students in **Grades 1 through 12**
organized into six levels:
Grades 1-2, 3-4, 5-6, 7-8, 9-10, 11-12

FORMAT

Multiple choice questions, organized into **three sections** of increasing difficulty.

Grades 1-2: 18 questions for 45 minutes.
Grades 3-4: 24 questions for 60 minutes.
Grades 5-12: 30 questions for 75 minutes.

AWARDS

All participating students will receive certificates of participation, while **top-performing** students may qualify for **regional** and **national** awards.

DATES

March 22, 2026

CONTENT

Questions align with the **Canadian curriculum**, with a few problems in the final section designed to test logic and strategic thinking.

TRAINING

We offer online training sessions and solution booklets from previous years. Past contest materials are also available on our website.

FEE \$20 early bird; \$25 late fee

REGISTRATION DEADLINE February 22, 2026
