MyGRADplan Student Guide

Please note: MyGRADplan is designed to aid and facilitate academic advising but is not intended to replace face-to-face advising sessions.

- MyGRADplan is neither an official academic transcript nor an official notification of completion of degree requirements.
- The official graduation requirements are listed in the University of the Fraser Valley online Calendar. If there is any discrepancy between MyGRADplan and the official UFV Calendar, the Calendar takes precedence.
- If you notice any discrepancies or problems with the MyGRADplan service, please notify the Office of the Registrar at <https://www.ufv.ca/mygradplan/contact-form/>.

Overview

- MyGRADplan is a web-based tool that provides a clear, structured pathway to completing your program requirements.
- It integrates UFV's official program requirements with your completed and in-progress coursework to generate an easy-to-read audit, offering a real-time view of your progress toward graduation.
- Undergraduate students in academic programs starting from Fall 2010 can use MyGRADplan to monitor their progress.
- Students in non-academic programs do not receive audits but can use the "What If" feature to explore potential academic programs.

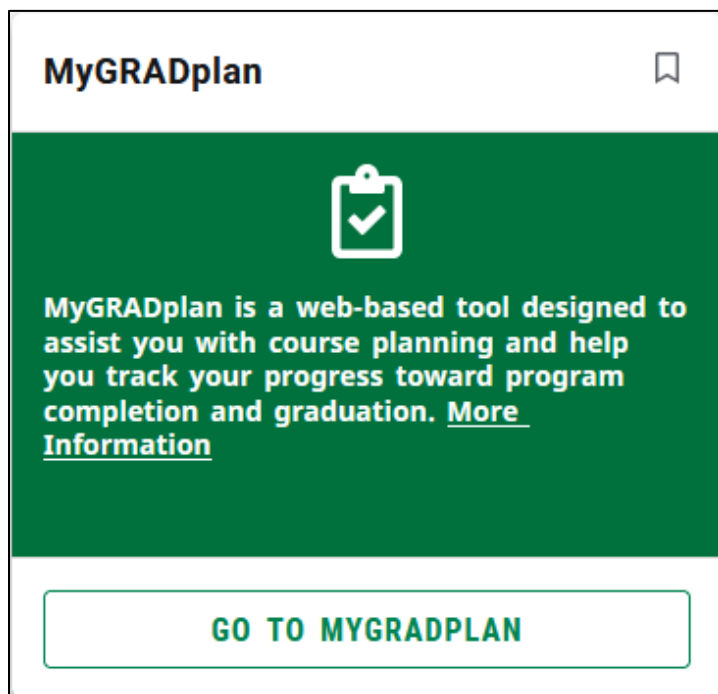

Through MyGRADplan students and their advisors can:

- Learn the academic requirements of the program(s) e.g. degree, diploma or certificate
- See how all completed courses apply to the program requirements
- Identify courses needed to complete their program
- View their grades and academic standing

- View their institutional cumulative GPA (CGPA)
- View their program GPA
- View transfer credit
- Calculate a GPA based on their grades for the term
- Calculate the grades needed to achieve a goal GPA
- Create What-If audits to process speculative program audits based on current class history

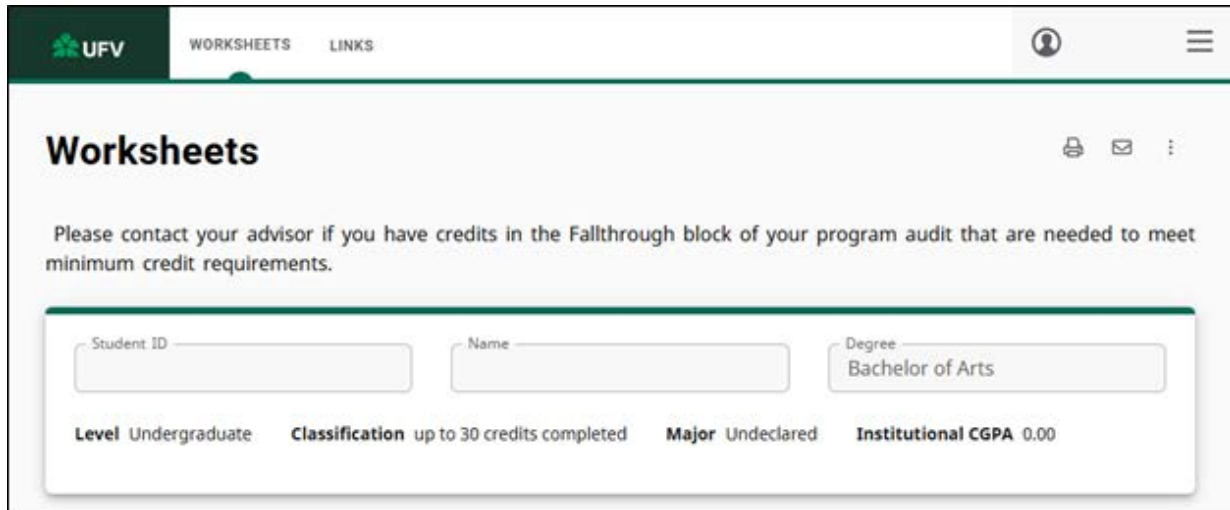

Getting Started

- Login to myUFV.ca using your usual credentials.
- Locate the **MyGRADplan** card on the myUFV home page.
- Click the **Go to MyGRADplan** link.

Using MyGRADplan

- Once you have entered MyGRADplan you'll see a page like the one below.
- From here you may begin reviewing your program audit.

The screenshot shows the 'Worksheets' page in the MyGRADplan system. The header includes the UFV logo, 'WORKSHEETS' and 'LINKS' tabs, a user profile icon, and a menu icon. The main heading is 'Worksheets', followed by a note about contacting an advisor for credits in the Fallthrough block. Below this is a form with input fields for 'Student ID', 'Name', and 'Degree' (pre-filled with 'Bachelor of Arts'). At the bottom, a summary row displays: 'Level Undergraduate', 'Classification up to 30 credits completed', 'Major Undeclared', and 'Institutional CGPA 0.00'.

Student ID	Name	Degree Bachelor of Arts	
Level Undergraduate	Classification up to 30 credits completed	Major Undeclared	Institutional CGPA 0.00

Navigation Toolbar

At the top of the audit page, you will see the WORKSHEETS and LINKS tabs, your name and a three-line menu. Below this you will see a printer icon, and envelope icon, and a three-dot menu.

The screenshot shows the 'Worksheets' page in MyGRADplan. At the top, there is a navigation bar with the UFV logo, 'WORKSHEETS' and 'LINKS' tabs, a user profile icon, and a three-line menu. Below the navigation bar, the page title 'Worksheets' is displayed. A message states: 'Please contact your advisor if you have credits in the Falthrough block of your program audit that are needed to meet minimum credit requirements.' Below this message is a form with input fields for 'Student ID', 'Name', and 'Degree' (set to 'Bachelor of Arts'). At the bottom of the form, there are labels for 'Level' (Undergraduate), 'Classification' (up to 30 credits completed), 'Major' (Undeclared), and 'Institutional CGPA' (0.00). Red numbered callouts are placed over the interface: 1 points to the 'WORKSHEETS' tab, 2 points to the 'LINKS' tab, 3 points to the user profile icon, 4 points to the three-line menu, 5 points to the printer icon, 6 points to the envelope icon, and 7 points to the three-dot menu.

MyGRADplan Audit Blocks

- Each section in a MyGRADplan audit is called a “Block”.
- Each block header will contain a title for the block and will also display specific information for that block such as credits required, credits or classes applied and the block GPA.
- Like individual requirements, the block header will also contain a symbol stating the status of all requirements within the block.
- The blocks below are examples of blocks that may be included in your audit. The structure of your audit will depend on the type of degree, diploma or certificate you are completing.

Student Header Block

- This first block displays key elements of your program of study such as Degree, Diploma or Certificate, Major, Classification, Academic Standing, Institutional CGPA, etc.

Student ID	Name Eric,	Degree Bachelor of Arts	
Level Undergraduate	Classification up to 30 credits completed	Major Undeclared	Institutional CGPA 0.00

Student ID

- Your UFV student ID

Name

- Your preferred name

Degree

- Your program(s) (degree, diploma or certificate)
- If you are pursuing multiple programs the drop-down arrow can be used to switch between programs.

Level

- Your student level code (CR-Undergraduate, GR-Graduate etc.)

Classification

- Your classification is based on the number of credits you have taken at UFV

Major

- Will be displayed if you have a Major declared
- All degree, diploma and certificate students will see Degree and Major fields on their audit. These fields are used to display the codes and titles of your program. The titles will identify whether your program is a degree, diploma or certificate.

Minor

- Will be displayed if you have a Minor declared

Concentration

- Will be displayed if you have a Concentration declared

Institutional CGPA

- Institutional Cumulative GPA

Academic Standing

- Academic Standing information will also be displayed here

Format Box

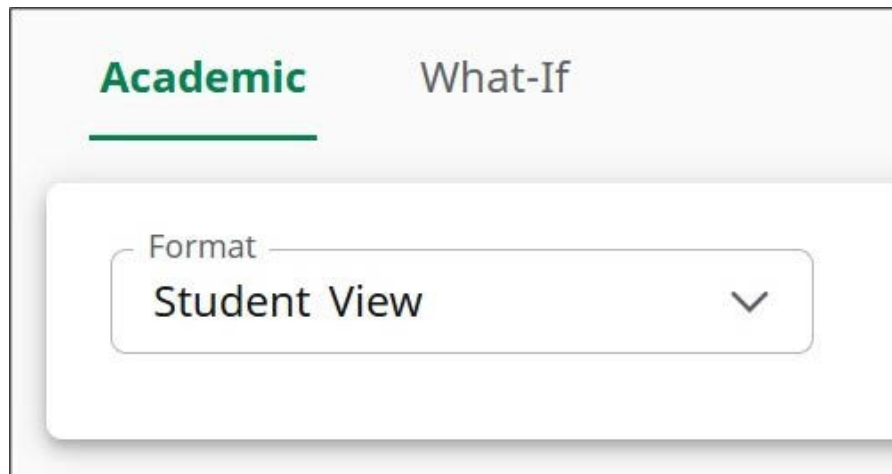

- Allows you to view either Student View or Registration View.

Format Student View

- Provides general information about your complete and incomplete requirements, in-progress and pre-registered courses, grouped into logical sections/blocks.

Format Registration Checklist

- Shows only the unfulfilled requirements that are “Still Needed” on the checklist.
- It does not provide any detailed explanation of the requirements that may be found in Student View.

The image shows a screenshot of a web interface with two tabs: "Academic" (highlighted with a green underline) and "What-If". Below the tabs is a "Format" dropdown menu. The dropdown is open, showing "Student View" as the selected option, with a downward arrow icon to its right.

Notes

- Notes pertaining to your program may be added by your advisor and will appear in the Notes block at the bottom of the audit.

Legend

- The legend can be found at the bottom of the page and contains all the symbols that are important for interpreting your Program Audit.

Legend			
	Complete		Not complete
	Complete except for classes in-progress		Nearly complete
	Any subject or course number		Repeated class

Complete

- This symbol will appear beside all requirements that have been completed within the audit.
- The row will display the course (s) that fulfilled the requirement along with the grade and term in which the course was taken.

Not Complete

- This symbol will appear beside all requirements that have not yet been completed.
- The row will also indicate the course(s) that will be required to complete the requirement.

Complete except for Classes in Progress

- This symbol will appear for requirements where classes are currently being taken or have been registered in for completion in a future term.
- The grade section for the course in this row will display (NG).

Nearly Complete

- This symbol will appear when all the requirements of a block are met, but a header requirement is not met.

MyGRADplan wildcard @

- The @ symbol in the audit acts as a wildcard.
- It represents all classes when used as a prefix and can also be used to represent all course numbers.
- E.g. When a course prefix is followed by the @ symbol (ENGL @) this means any course number for that prefix can be used to fulfill the requirement.
- When you see @ @ it means any undergraduate course or number can be used to fulfill the requirement.

(R)

- This symbol will appear next to repeated courses within the program audit.

Application Features

What-If Analysis

The What-if Analysis tab has three main functions.

Function #1

It provides audit results utilizing courses that you plan to register for in future terms.

- Enter the subject and number of the planned course and click Add.
- Once you have entered all desired courses, click Process to view the results.
- You may use this feature to apply future courses to your current program if you have Use Current Curriculum box ticked or use it to apply future courses to a What If audit.

The screenshot shows the 'What-If Analysis' interface. At the top, there are three checked checkboxes: 'Use current curriculum', 'In-progress classes', and 'Preregistered classes'. Below these is the section 'Future classes'. Under this section, there are two input fields: 'Subject' and 'Number', both of which are highlighted with red rectangles. To the right of these fields is a grey 'ADD' button, also highlighted with a red rectangle. At the bottom right of the interface are two buttons: a white 'RESET' button and a green 'PROCESS' button. Red arrows point from the text in the preceding list to these elements: one arrow points to the 'Use current curriculum' checkbox, another points to the 'ADD' button, and a third points to the 'PROCESS' button.

Function #2

It can be used to see the effects of adding Additional Areas of Study to your current program.

- In the example shown below a student in the Bachelor of Arts pursuing a major in English will see the results of adding a minor in Art History to their program.

The screenshot shows the 'What-If Analysis' interface. At the top, there are checkboxes for 'Use current curriculum' (unchecked), 'In-progress classes' (checked), and 'Preregistered classes' (checked). Below this is the 'Program' section with dropdowns for 'Calendar Term' (Winter 2026), 'Degree' (Bachelor of Arts), and 'Program' (Bachelor of Arts). The 'Areas of study' section has dropdowns for 'Major' (English) and 'Concentration'. Below that is the 'Additional areas of study' section, which includes dropdowns for 'Degree' (Bachelor of Arts), 'Major', 'Concentration', and 'Minor' (Art History). The 'Minor' dropdown is highlighted with a red box and a red arrow. At the bottom right of this section are 'CANCEL' and 'ADD' buttons.

Function #3

What If audits display the results when a proposed program change is being considered using your current class history.

- Select the What If criteria for the scenario, then click the Process What-If button to view the results of the audit.
- If you would like to PDF your audit, select your options and then click the printer icon at the top of the page.

*Please note: You must choose the **current or a future Calendar Year** and your chosen program. If the Major field does not autofill you must use the drop-down list to choose an option. Some Majors will require that you choose a concentration as well.*

Look Ahead

The Look Ahead feature found in previous version of MyGRADplan has been replaced with options within the What-If tab.

Course Link

- Scrolling over the Course ID of a “Still Needed” course in any block reveals the course title and credits.
- Clicking on the Course ID opens a separate window which provides the course title and description.
- If registration is open, Course Link will also indicate the registration status of each section.

Please note that MyGRADplan is updated overnight which may mean that “Seats Open” may not display the most recent information.

Please check the timetable for the most up to date information on seat availability.

Class History Link

- Provides a listing of all the courses you have taken, with grades and credits, grouped by the term taken in chronological order.

The screenshot shows the 'Worksheets' section of the MyGRADplan system. It features a header with the title 'Worksheets' and three icons (print, email, and a menu). Below the header is a form with three input fields: 'Student ID', 'Name', and 'Degree'. The 'Degree' field is pre-filled with 'Bachelor of Arts'. To the right of the form is a dropdown menu with two options: 'GPA Calculator' and 'Class History'. Below the form, there is a summary row with the following information: 'Level Undergraduate', 'Classification up to 30 credits completed', 'Major Undeclared', and 'Institutional CGPA 0.00'.

GPA Calculator

- All UFV academic programs and program options require a minimum program GPA of 2.00 for graduation.
 - Some programs may require a program GPA higher than 2.00.
- Beginning in the Fall of 2017, diplomas and degrees require both a minimum program GPA of 2.00 as well as a cumulative GPA (Institutional CGPA) of 2.00 for graduation.
- Program GPA is calculated on all UFV courses used to meet course requirements within the program.
- Institutional GPA is calculated on all UFV courses taken within the student's level of study (e.g., undergraduate, graduate).

Using the GPA Calculators

There are three different calculators:

- Graduation Calculator
- Term Calculator
- Advice Calculator

Click on the three-dot menu in the upper right corner of the page and select **GPA Calculator tab** to navigate to all three.

Please note: The calculators do not account for repeated courses or transfer credit used to meet program requirements. Transfer credit grades are not used in program GPA calculations and if you are repeating courses for a better grade you will need to factor those in separately.

Graduation Calculator

- This calculator helps you determine academic goals needed to produce a desired grade point average for graduation.
- All fields must be completed to calculate the desired GPA.
- For credits remaining, enter the number of required credits minus the number of credits already completed.
- Enter the number of credits required (120 for example) in the credits required field.
- Last, enter the desired GPA for graduation and click CALCULATE.
- The graduation calculator will set an objective necessary to produce the desired GPA. If a desired GPA is not feasible, then the calculator will display a necessary average of over 4.33.

GPA Calculator

Graduation Calculator

Term Calculator

Advice Calculator

The GPA Calculators are designed to help you estimate your future GPA or provide advice on how to achieve a desired GPA. The GPAs generated by the calculators do not account for repeated courses or transfer credit used to meet program requirements.

Term Calculator

- This calculator calculates the projected GPA based on estimated grades for the semester.
- The term calculator cannot offer a set of objectives detailing how to obtain a desired grade; its purpose is to forecast a projected GPA based on your request.
- Click Add course after entering your courses and grades. Then click CALCULATE.

Advice Calculator

- This calculator projects the quickest way to achieve a goal GPA.
- Unlike the graduation calculator, the advice calculator can calculate a desired GPA without knowing how many credits are remaining for graduation.
- After clicking CALCULATE, the advice calculator will demonstrate how that goal can be achieved.
