

My Grades: Problems

1] You cannot check the grades for items with “Needs Grading” and “In Progress” status. When your instructor grades “Needs Grading” items, you will be able to check your grades. You need to finish “In Progress” items for your instructor to grade later.

The screenshot shows two items in the My Grades interface. The first item is 'Portfolio Assignment' with a status of 'Needs Grading' and a 'SUBMITTED' label below it. A red box highlights the 'Needs Grading' text, and a red arrow points from a yellow warning icon to it. The second item is 'Journal 1' with a status of 'In Progress' and an 'UPCOMING' label below it. A red box highlights the 'In Progress' text, and a red arrow points from a blue circular icon to it.

2] Sometimes you cannot click a graded item even though you can see your grade. Possible reasons: (a) when your instructor has deleted the graded item after grading it; (b) non-Blackboard-related item such as Participation, Attendance, etc.

The screenshot displays three graded items in the My Grades interface. The first item is 'Draft Presentation' (Assignment) graded on Nov 18, 2016, with a score of 8.00/10. A blue box highlights the item name, and a yellow box with a double-headed arrow and the word 'clickable' points to it. The second item is 'Indirect Pattern Message Assignment Upload' (Assignment) graded on Oct 31, 2016, with a score of 14.00/20. A red box highlights the item name, and a yellow box with red text states 'non-clickable. The instructor deleted this item after grading it.' A green box with a speech bubble icon and the text 'feedback still available' points to the item. The third item is 'Participation' graded on Oct 7, 2016, with a score of 80.00/100. A red box highlights the item name, and a yellow box with red text states 'non-clickable. Non-Blackboard-related item' with an arrow pointing to the item name.
