## Guidelines for Committee Members

The following guidelines are for members of UFV governance bodies and their standing committees but also may be useful for members of any operational committee or task force.

Each committee is doing important work on behalf of the university. Committees involve a number of people and a great deal of valuable time. Active involvement of every participant is important to ensuring the committee is effective and that the time involved is put to good use.

### Make a commitment

- Make the committee a priority if you are going to be a member.
- Ensure you understand the committee's mandate and terms of reference.
- Commit to attend meetings regularly and to take the time needed to prepare and participate in the work of the committee.

### Preparation

- Ensure you submit agenda items and exhibits within established deadlines. Refer to the *Process for submissions to Senate and the Senate governance committees* at <http://www.ufv.ca/senate/resources/>.
- Go over the agenda and materials before each meeting.
- Note questions or concerns, research information you might need, and/or talk to your colleagues prior to the meeting, as needed.
- Become familiar with Robert's Rules (*link to cheat sheet*). Members of Senate standing committees also should be familiar with the Rules for the Conduct of Business on Senate standing committees.

### Participation

- Arrive on time and plan to stay for the whole meeting. If you must leave early or miss a meeting, let the chair know in advance. Be aware of the effect of non-attendance on quorum.
- Ask questions or make comments in turn. Be brief and make your point; don't hold forth, repeat yourself, or otherwise waste time.
- Do your part to move through the agenda by moving or seconding motions.
- Help make good decisions by voting on issues. Remember that all committee members are expected to make decisions in the interest of UFV as a whole, not in the interest of a particular area.
- Honour your commitments. Note action items assigned to you. Try to complete tasks before the next meeting so matters can be concluded in a timely fashion.

### Meeting etiquette

- Turn off your phone or set it to vibrate. Take any calls outside the room.
- Be respectful of others' points of view. Challenge positions, not people. Don't interrupt or belittle others, even if you disagree.
- Avoid side conversations and activities such as reading or writing emails which are disrespectful and distracting to the chair and other participants.

## **Procedures for Membership on Senate Standing Committees**

---

These procedures apply to Senate standing committees that have positions filled by expressions of interest. These procedures will also be followed by other bodies requiring representation from Senate.

- SGC is responsible for ensuring the broadest possible base of representation, given the available pool of nominees;
  - SGC will make every effort to ensure that committee composition considers the experience and interest of candidates and the diversity of disciplines at the University;

Otherwise, the list of candidates who had expressed an interest in the committee when the original appointments for that term were made, may be canvassed to identify a replacement to recommend to Senate for approval.

#### **Purpose**

The purpose of the subcommittee is to make decisions on transfer credit recommendations for specific courses or programs from institutions or programming not recognized under Transfer credit policy, and that do not qualify for exemption from UEC approval. These might include, but not be limited to, courses from private post-secondary institutions, education or training provided by a non-post-secondary institution or organization, and formal non-credit education from any source.

The committee will not evaluate prior learning obtained other than through formal courses or programs.

### **PROCEDURES**

---

#### **Process**

- The TCS will make decisions on specific transfer recommendations made or signed off by the department head for the most closely related discipline. If UFV does not offer a related discipline, the decisions should be approved by the dean or designate for the most closely related faculty.
- The TCS may request additional information or clarification from the person who evaluated the course or program.
- For precedent-setting decisions, the TCS will consider the degree of confidence in the consistency of standards at the sending institution.
- Transfer credit decisions may be made in a formal meeting, or through an email vote. For email votes, members will have a minimum of five business days to respond.
- Transfer credit decisions require a decision of the majority of the members in attendance at the meeting or who participate in an email vote (minimum 3 in favour), however, if two or more members express strong opposition to the decision, or the committee is unable to decide, the decision will be referred to UEC.
- The TCS will advise UEC on other transfer credit issues.

#### **Reporting**

- The chair will retain a record of all decisions made.

### **COMPOSITION**

---

#### **Membership**

- Registrar or designate
- Two UEC members
- At least two additional faculty (as diverse a representation as possible)
- One advisor

#### **Chair**

The TCS will determine a chair each September.

**Appendix "B"****SCHOOL OF CRIMINOLOGY AND CRIMINAL JUSTICE  
UNIVERSITY OF THE FRASER VALLEY****FINAL EVALUATION FORM****NOTES TO FIELD SUPERVISORS REGARDING EVALUATION**

As the student's practicum experience is a major consideration in the assignment of his/her final grade, it is essential that the completed evaluation form be as comprehensive, accurate, and direct as possible. The evaluation form provides important feedback to the student and could be helpful (when favorable) as supporting information that the student could attach to an employment resume. We recommend that you use the attached form as a guide for providing the student informal verbal feedback during the second or third week in February so that any concerns you may have will be addressed early enough for the student to take corrective action or learn new ways to succeed in your agency.

The instructions for the intendance of the form are as follows:

1. Discuss the evaluation form attached below with the student at the outset of the practicum to ensure that each item on the form is fully understood. Students will have reviewed this form with the Career Development Coordinator before meeting with you for the first time. Review the students Learning Goals (the student will provide you with these) and finalize the student's Plan of Activities before the end of the third week in January.
2. Complete the evaluation form during the last week of the practicum period. You may have multiple copies of the form completed by several people who have observed the students' performance...all such forms will later be averaged by the Career Development Coordinator.
3. Discuss the completed form with the student.
4. Ask the student to sign the form on the basis that he/she has seen the completed evaluation and it has been discussed with the student.
5. Sign the evaluation form yourself.
6. If the student wishes to make his/her own written comments on the contents of the evaluation, please ask him/her to do so in the space provided at the end of the evaluation form, or on another piece of paper. These comments should be followed by the signatures of both yourself and the student.
7. Submit the evaluation form to the Career Development Coordinator during the week following the student's last field practice day.

### **RATING SCALE**

**Note:** When assigning grades on the form attached below, you may use + or - designations (i.e., B+, C-, etc.) to make your assessment more accurate.

The following ratings should be applied to each item listed in Part I:

**A** = Student has demonstrated a level of ability, performance and/or understanding that is **Excellent.**

**B** = Student has demonstrated a level of ability, performance and/or understanding that is **Good.**

**C** = Student has demonstrated a level of ability, performance and/or understanding that is **Moderate.**

**D** = Student has demonstrated a level of ability, performance and/or understanding that is **Minimal.**

**F** = Student has demonstrated a level of ability, performance and/or understanding that reflects that they receive **Fail** for this course.

It will be important that the Supervisor comment on only those items in which the student has had an opportunity to demonstrate a level of ability, performance and/or understanding. In those instances where the Supervisor feels proper assessment cannot be made, he/she should use one of the two following notations:

1. N/A -- Item is not applicable.
2. N/T -- Item was not tested. Student did not receive an exposure that would allow the item to be sufficiently observed.

### **The University Calendar: Moving to a Single Calendar Year**

#### **The University Calendar Described**

**May 31, 2021**

The Academic Calendar is the official source for information about courses and programs of study offered at the University of the Fraser Valley. It is also the main source for information on admission requirements, academic regulations, academic standards, and general University policies for both undergraduate and graduate students. At times the Calendar is the official record for the information and at time it reflects information officially held elsewhere, such as Senate policies.

#### **The years in a University – its complicated.**

The academic year typically refers to September 1 to August 31, and encompasses the Fall, Winter and Summer Semesters as well as what we call the Continuing Education and Trades terms. For some purposes the Academic year may be considered to be July 1 to June 30.

The Fiscal year is from April 1 to March 31.

The traditional calendar year (small c) runs from January 1 to December 31.

For some purposes there is also a reporting year which runs from May 1 to April 31 (Summer, Fall Winter).

#### **The Calendar Year (aka the Catalog Year)**

The Calendar Year refers to the terms and dates associated with the academic year. All regulations relating to credentials and programs are first attached to the Calendar year they were approved (effective date). When a program has an approved change, the effective date for the change becomes the next Calendar year. There are some exceptions to this, as advance notice is required for some admission requirements and course prerequisite changes. The date (term) a student is admitted to a credential or approved in a program becomes their Calendar year and is important to students and advisors as it sets the curriculum requirements that must be followed to complete the chosen program. When a program changes while a student is enrolled in it, a student may elect switch to the new requirements, or remain in their initial Calendar year. A student may not straddle 2 different Calendar years in the same program, nor may they chose or be placed in a Calendar year prior to their initial admission to a credential or enrolment in a program.

At UFV, as the University transitioned from a traditional print Calendar to designating the web based ("on-line") Calendar as the official record, a somewhat unique 2 Calendar years per academic year was created. Therefore, we publish a separate Fall Calendar and a Winter / Summer Calendar. The previous rules and regulations are copied into the next Calendar even if there are no changes. There is little documentation available on the purpose of it, but it is understood that when we went from the print edition to a fully online publication being the official version, members of the University community were concerned that there would be significant constraints imposed on when they could change courses and programs. It was likely felt that 2 publications a year would provide increased flexibility. While the

current 2 per year system does allow for some flexibility, it adds unnecessary constraints and confusion and also causes a large work load for the staff preparing the Calendar, the staff updating the MyGRADplan program audit software, and the advising community. This is because all existing programs without or without changes must be duplicated from the Fall version to the Winter version. This involves a considerable amount of time and effort for no evident purpose.

**Recommendation**

It is proposed that UFV move to an annual "Academic Year" Fall to Summer Calendar with at least 2 formal updates per year. This would mean a single on-line publication, with formal fall and winter updates. Additional updates for editorial changes, error corrections and emerging issues will be done on an as needed basis. When approved, this will make it easier for students to understand, far less complicated for advisors, and let UFV take advantage of the on-line nature of the Calendar, which is far more flexible by-design than the old Print version. The impact on courses, programs and admission requirements is summarized below.

**Course Changes**

Major: with each Calendar update

Minor: with each Calendar update

Courses with prerequisite changes will be subject to the notice period described in Policy 84, Prerequisites and Co-requisites. Courses can only be discontinued/deleted in the annual update.

**Program Changes**

Major: Annual Calendar update

Minor: with each Calendar update

Program Additions: New programs will normally be introduced in the annual update, unless Senate or other approving body approves an exception. The new program would then be included in the next available update.

**Program suspension**

Each Calendar update

**Program cancellation**

Annual update only

**Admission Requirement Changes**

Annual update only, with notice when required as described in Policy 80, Admission.

# **Procedures**

## **for Undergraduate Program and Course Approval**

Appendix to Policy 21

Last revised: September 2020

**ufv.ca**

## Introduction

UFV's Undergraduate Course and Program Approval policy (21) grants the Undergraduate Education Committee (UEC) the authority to develop procedures for the approval of new and revised courses and programs.

All new and revised courses and programs will follow a specific approval process. This process includes a series of structured consultations and approvals that give the UFV community an opportunity to examine a program or course in terms of the quality of the curriculum, consistency of standards, attention to student needs, and adherence to UFV's strategic plan, mandate, and institutional learning outcomes.

This document outlines the procedures in effect as of the date on the cover page. The policy can be found at [www.ufv.ca/policies](http://www.ufv.ca/policies).

## Submission guidelines

Items submitted to faculty council and subsequent committees should be formatted appropriately, and should include all relevant documents.

Course proposals should include an updated course outline on the current course outline form, and a memo created with the official Memo Template. Both forms can be found on the UEC websites, at [www.ufv.ca/senate/uec/uec-resources](http://www.ufv.ca/senate/uec/uec-resources). A Word version of the current official course outline should be requested from the UEC Assistant, and whenever possible, Word's track changes feature should be used to highlight any revisions being made to the course outlines. The UEC Assistant can provide assistance with this feature. (Requests to discontinue a course do not need to be accompanied by a course outline.)

Program proposals should include all relevant attachments (rationale memo, budget information, etc.). Program changes should be accompanied by calendar copy with changes tracked.

## Additional resources

Forms, templates, and other resources for the development of new programs can be found on the Program Development and Quality Assurance office (PDQA) website, <https://www.ufv.ca/program-development/>.

Resources for new courses, revisions to existing courses, major and minor changes to existing programs, and general information on the approval process can be found on the UEC website, [www.ufv.ca/senate/uec](http://www.ufv.ca/senate/uec).

The UEC Assistant and the Program Development and Quality Assurance office can also be contacted directly with any questions.

**Upper-level course:** Third- or fourth-year course, generally numbered in the 300s and 400s.

## Timelines

### Calendar deadlines

The academic calendar ([ufv.ca/calendar](http://ufv.ca/calendar)) is the official source for all approved courses and programs. All changes and new courses and programs should be published in the calendar prior to implementation. A new calendar comes into effect in April (Fall calendar) and October (Winter/Summer calendar) of each year. The draft calendar is updated regularly and is available through a link on the calendar home page. Changes should be submitted as far in advance as possible to avoid missing the calendar deadlines.

**Major program changes** must be approved by the January UEC meeting to be included in the Fall calendar, or by the June UEC meeting to be included in the Winter/Summer calendar. (Subsequent approval by Senate, and in some cases by SBC, is also required).

**Minor program changes and major and minor course changes** must be approved by UEC's February meeting to be included in the Fall calendar, or by the September meeting to be included in the Winter/Summer calendar.

### Minimum timelines

Due to the need for quality assurance, the following are the approximate **minimum** lengths of time that the approval processes take from recommendation by faculty/college council to final approval.

#### Courses

- New course: 4-5 months
- Major changes: 4-5 months
- Minor changes: 2-3 months

**Note:** Changes to prerequisites that are more restrictive require 6 months' notice in the academic calendar (see [policy 84](#)).

#### Programs

- New program (including concept paper)\*: approximately two academic years, following the optimal timeline:
  - Year 1, September-February: development of concept paper
  - Year 1, March-June: review and approval of concept paper
  - Year 2, September-December: development of full program proposal
  - Year 2, January-June: internal review and approval of full program proposal
  - External review and approval: 2-3 months for certificates and diplomas; depending on Ministry timelines for degrees.
- Major changes: 7-8 months
- Minor changes: 4-5 months

\* Does not apply to programs approved under the expedited approval process.

**Note:** Changes that make entrance requirements more restrictive must be published in the academic calendar at least 12 months prior to the start of the semester, unless they are necessary to maintain the program's accreditation (see [policy 80](#)).

## Course Approval Processes

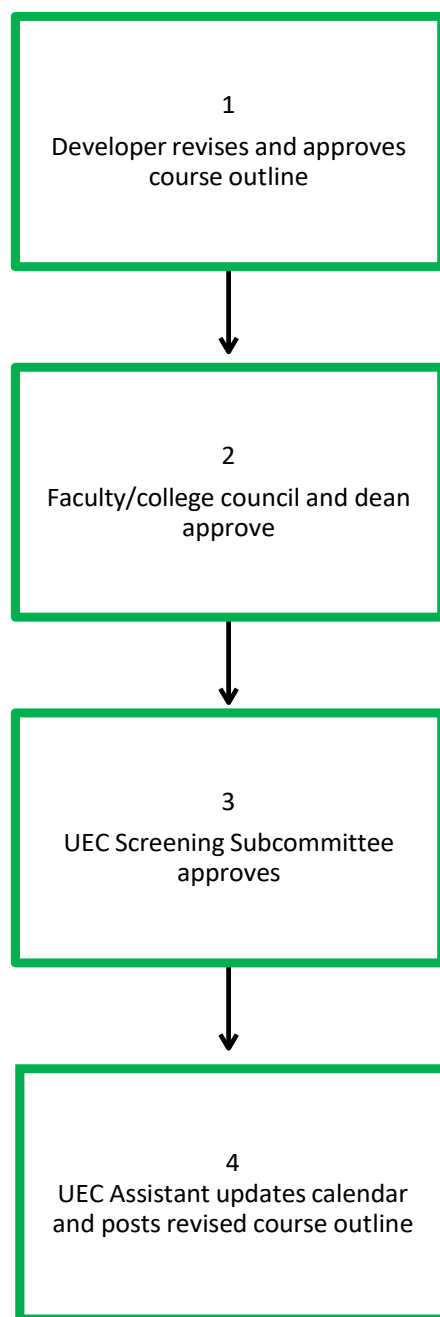

The course approval process differs for new courses, major course changes, and minor course changes. The following outlines the steps in each of the course approval processes. Each process correlates with the flow charts featured on the following page.

A chart of major vs. minor changes to an existing course can be found on page 9.

### Minor course changes (minimum 2-3 months)

1. **Course outline revisions:** The department/school or program committee, hereafter referred to as the developer, requests a Word version of the current course outline from the UEC Assistant. The developer revises and approves the course outline, including transfer to a new course outline form if necessary. The developer also prepares a memo outlining the rationale and any financial implications of the course changes using the Memo Template found on the UEC website.
2. **Faculty/college council and dean:** The developer submits the course outline and memo to the faculty/college council (and, if applicable, the faculty/college curriculum committee) and dean(s) for approval. If changes are recommended, the revisions are made by the developer and the revised course outline is returned to the council assistant who verifies that it conforms to council recommendations.  
  
**Note:** For an Indigenous designation, courses must also be reviewed by the Indigenous Studies Curriculum Committee.
3. **UEC Screening Subcommittee:** The council assistant sends the course outline and memo to the UEC Assistant for the Screening Subcommittee, which confirms that the changes are minor and approves the course changes for publication. If changes are recommended, revisions are made by the developer (using track changes) and resubmitted to the faculty/college council and UEC Screening Subcommittee. Minor editorial changes do not require resubmission.
4. **Publication:** The UEC Assistant/Calendar Editor makes all necessary calendar changes, posts the revised course outline on the website ([www.ufv.ca/calendar/courseoutlines](http://www.ufv.ca/calendar/courseoutlines)), and sends the course outline to OReg for data entry.

**Approval process for minor course changes**

### **New courses and major course changes (minimum 4-5 months)**

1. **Development of course outline:** The department/school or program committee, hereafter referred to as the developer, develops and approves the course outline. If revisions are being made to an existing course, the developer requests a Word version of the current course outline from the UEC Assistant. The developer also prepares a memo outlining the rationale and any financial implications of the new course using the Memo Template that will be found on the UEC website.

Dean(s) determine if there are significant budgetary implications with the proposed course.

2. **Faculty/college council and dean:** The developer submits the course outline and memo to the faculty/college council (and, if applicable, the faculty/college curriculum committee) and dean(s) for approval. If changes are recommended, the revisions are made by the developer and the revised course outline is returned to the council assistant who verifies that it conforms to council recommendations.

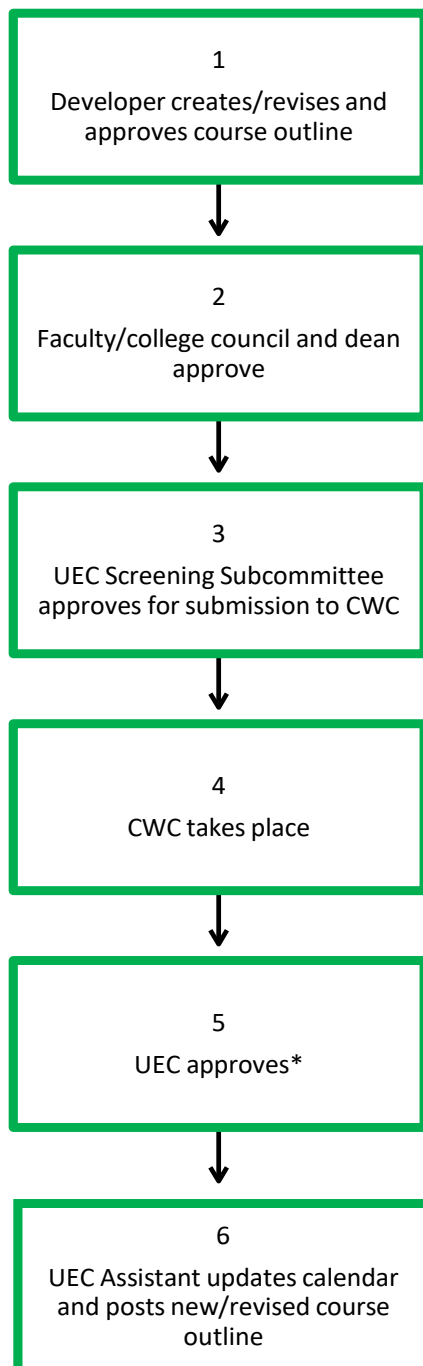

**Note:** For an Indigenous designation, courses must also be reviewed by the Indigenous Studies Curriculum Committee.

3. **UEC Screening Subcommittee:** The council assistant sends the course outline and memo to the UEC Assistant for the Screening Subcommittee, which reviews the proposal before submission to Campus-Wide Consultation (CWC). If changes are recommended, revisions are made by the developer (using track changes) and resubmitted to the faculty/college council and UEC Screening Subcommittee. Minor editorial changes do not require resubmission.
4. **Campus-Wide Consultation (CWC):** The UEC Assistant submits the course outline and memo to the Campus-Wide Consultation, copying the developer. The developer monitors and responds to comments. Any proposal not forwarded to UEC within eight months of CWC must be resubmitted to faculty council for approval.
5. **Undergraduate Education Committee (UEC):** The developer submits the CWC comments and responses, along with any changes to the course outline, to UEC. UEC approves the course outline, or recommends to Senate for approval if there are financial implications.

If there are financial implications, SBC will review the course outline and memo and make a recommendation to Senate. UEC and SBC recommendations are sent to Senate concurrently.

6. **Publication:** The UEC Assistant/Calendar Editor makes all necessary calendar changes, posts the new/revised course outline on the website ([www.ufv.ca/calendar/courseoutlines](http://www.ufv.ca/calendar/courseoutlines)), and sends the course outline to OReg for data entry.

**Approval process for new courses and major course changes**

\* In the case of budgetary implications, UEC and SBC will both review and recommend to Senate for approval.

\* The Ministry includes in its definition of “new program” revision of a program’s major objectives resulting in significant change and a significant revision of a program that warrants credential renaming. Please consult the Program Development and Quality Assurance Office if the revision considered may fall under this definition.

\*\* If not considered a new program or covered under the Program Discontinuance policy (222). Addition of a minor or major is considered a new program, not a major program change. Degree programs that refer to their main areas of specialization as “options” or “concentrations” must consult the Program Development and Quality Assurance Office to determine whether addition of a new specialization is considered a major program change or a new program.

## Program Approval Processes (major and minor changes)

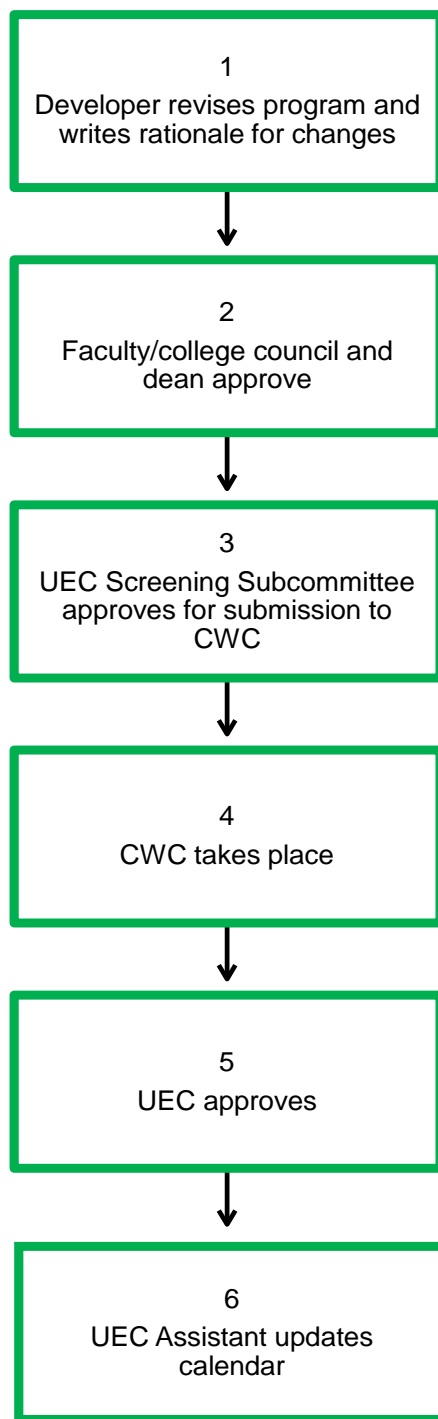

The program approval process differs for new programs, major program changes, and minor program changes. The following outlines the steps for each of these processes and correlates with the flow charts featured on the following page.

A chart of major vs. minor changes to an existing program can be found on page 10.

### Minor program changes (minimum 4-5 months)

1. **Development of proposal:** The department/school or Program Working Group or program committee, hereafter referred to as the developer, outlines and approves the changes and rationale for the proposed program changes, in consultation with the dean(s) responsible.
2. **Faculty/college council and dean:** The developer submits the program proposal and draft calendar copy to the faculty/college council (and, if applicable, the faculty/college curriculum committee) and dean for review and approval. If changes to the proposal are recommended, the revisions are made by the developer (using track changes) and the revised proposal is returned to the council assistant who verifies that they conform to council recommendations.
3. **UEC Screening Subcommittee:** The council assistant sends the proposal and calendar copy to the UEC Assistant for the Screening Subcommittee, which reviews the proposal before submission to Campus-Wide Consultation (CWC). If changes are recommended, revisions are made by the developer (using track changes) and resubmitted to the faculty/college council and UEC Screening Subcommittee. Minor editorial changes do not require resubmission.
4. **Campus-Wide Consultation (CWC):** The UEC Assistant submits the proposal and calendar copy to the Campus-Wide Consultation, copying the developer. The developer monitors and responds to comments. Any proposal not forwarded to UEC within eight months of CWC must be resubmitted to faculty council for approval.
5. **Undergraduate Education Committee (UEC):** The developer submits the CWC comments and responses, along with any changes to the proposal, to UEC. UEC approves the program changes.
6. **Publication:** The UEC Assistant/Calendar Editor confirms that the proposal has final approval, and makes all necessary changes in the academic calendar.

**Approval process for minor program changes**

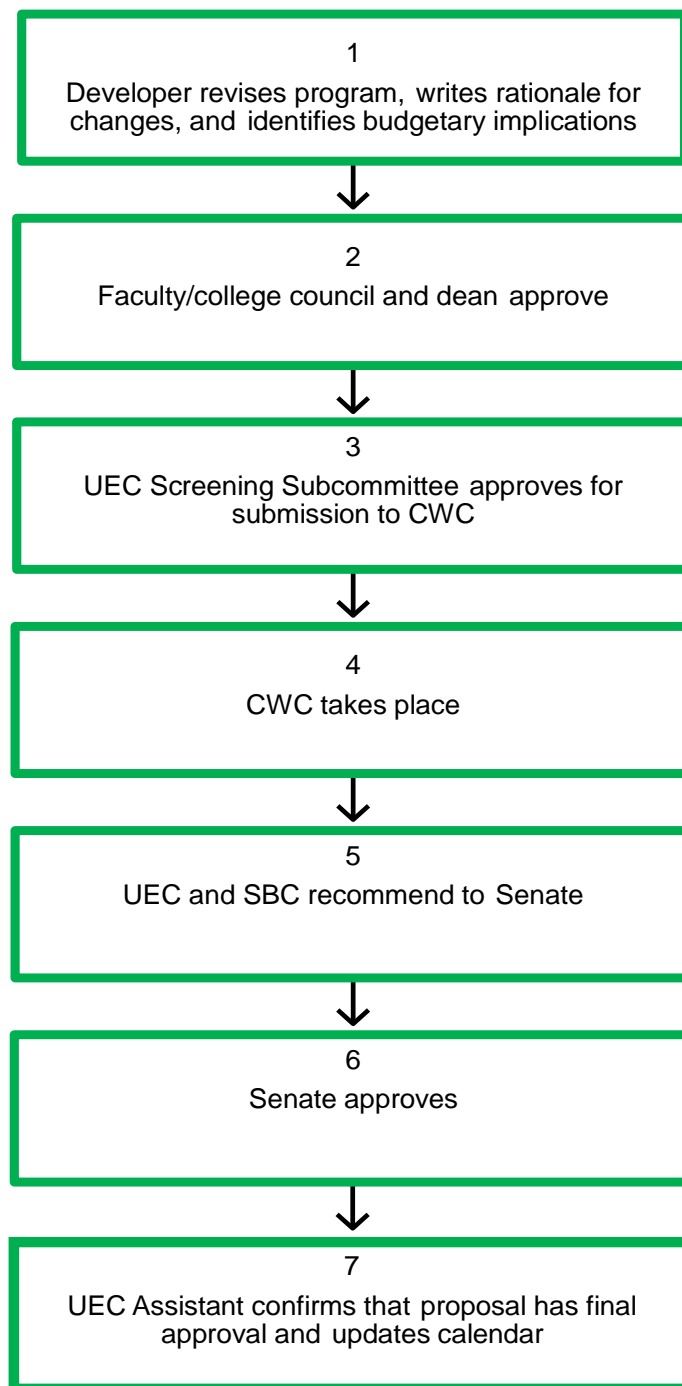

**Major program changes (minimum 7-8 months)\***

1. **Development of proposal and budget:** The department/school or Program Working Group or program committee, hereafter referred to as the developer, outlines and approves the changes and rationale for the proposed program changes, and identifies any budgetary implications.
2. **Faculty/college council and dean:** The developer submits the program proposal and draft calendar copy to the faculty/college council (and, if applicable, the faculty/college curriculum committee) and dean for review and approval. If changes to the proposal are recommended, the revisions are made by the developer (using track changes) and the revised proposal is returned to the council assistant who verifies that they conform to council recommendations.
3. **UEC Screening Subcommittee:** The council assistant sends the proposal to the UEC Assistant for the Screening Subcommittee, which reviews the proposal before submission to Campus-Wide Consultation (CWC). If changes are recommended, revisions are made by the developer (using track changes) and resubmitted to the faculty/college council and UEC Screening Subcommittee. Minor editorial changes do not require resubmission.
4. **Campus-Wide Consultation (CWC):** The UEC Assistant submits the proposal and calendar copy to the Campus-Wide Consultation, copying the developer. The developer monitors and responds to comments. Major program change proposals must remain at CWC for a minimum of two weeks. Any proposal not forwarded to UEC within 12 months of CWC must be resubmitted to faculty council for approval.
5. **Undergraduate Education Committee (UEC)/Senate Budget Committee (SBC):** The developer submits the CWC comments and responses, along with any changes to the proposal, to UEC for review and recommendation to Senate. The proposal will also be submitted to SBC, which reviews the proposal and makes a recommendation to Senate.
6. **Senate:** Senate approves the program proposal and budget.
7. **Publication:** The UEC Assistant/Calendar Editor confirms that the proposal has final approval, and makes all necessary changes in the academic calendar.

\* The Ministry includes in its definition of “new program” the revision of a program’s major objectives resulting in significant change, and a significant revision of a program that warrants credential renaming. Please consult the Program Development and Quality Assurance Office if proposed revisions may fall under this definition. Also note that addition of a minor or major is considered a new program, not a major program change. Degree programs that refer to their main areas of specialization as “options” or “concentrations” must consult the Program Development and Quality Assurance Office to determine whether addition of a new specialization is considered a major program change or a new program.

**Approval process for major program changes**

## New Program Approval Process

The following outlines the steps for new programs and correlates with the flow charts featured on the next pages.

Before you begin the development of a new program, please contact the Program Development and Quality Assurance Office for specific information about submission formats and procedures. An administrative guide for the internal approval process is available on the website at <https://www.ufv.ca/program-development/develop-new-program/>.

For the purposes of new program development, there are two categories of programs: (a) those that require Ministry approval, and (b) those that require internal approval only. Programs that require Ministry approval (e.g. a full degree, a major, or a minor in an area that does not have a major, etc.) involve a Stage 1 process, as explained below.

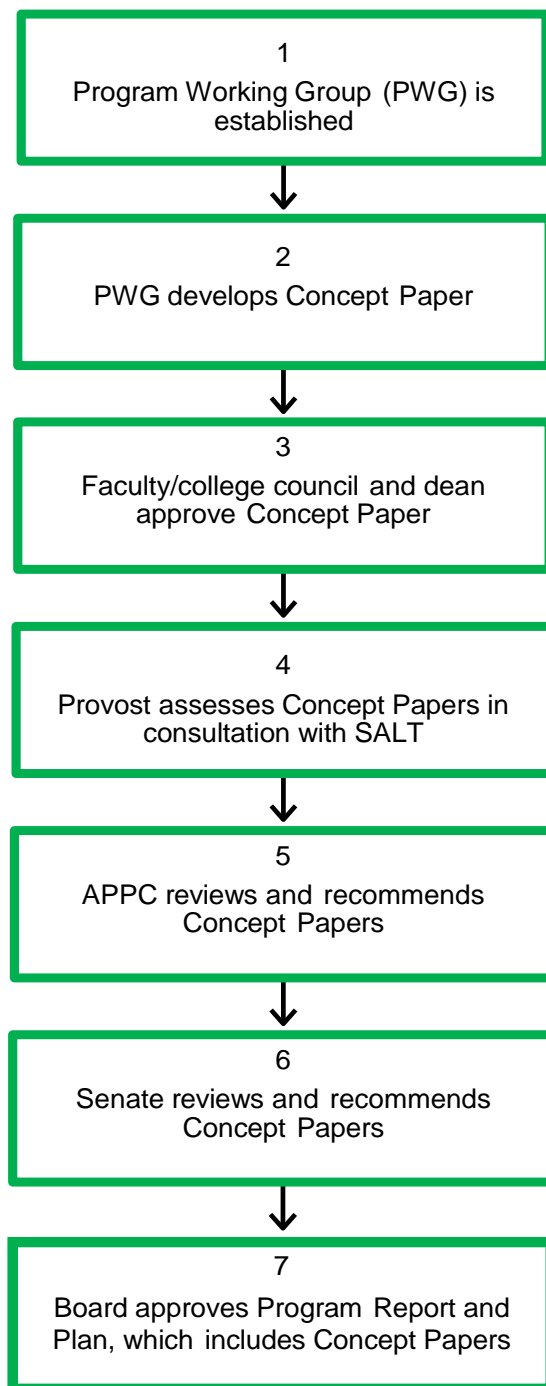

### Concept Paper

**Note:** Normally, a single dean will have administrative responsibility and approval authority over a program. In the case that a program draws resources from more than one faculty/college beyond the provision of service courses, the deans involved will decide on who will assume administrative responsibility for the program and whether it will be shared by more than one faculty/college. The faculty/college and dean that has administrative responsibility will have approval authority at the relevant stages of the program approval process.

1. **Establishment of Program Working Group (PWG):** Faculty members interested in developing a new program present a notice of intent to the dean. The PWG is approved by the dean, and the dean informs the Program Development and Quality Assurance Office (PDQA) of its membership. A Program Working Group will consist of a minimum of three faculty with teaching or research expertise in the subject area. If a new program is entirely discipline-based, at least one additional member from another discipline with teaching or research expertise in the subject area or related area should be added.
2. **Development of Concept Paper:** PWG develops the Concept Paper, in consultation with PDQA, appropriate academic units, and the dean, using the approved template. PWG submits the Concept Paper to PDQA, who verifies that it is complete before submission to the dean and faculty/college council.
3. **Faculty/college council and dean:** The dean reviews and approves the Concept Paper in consultation with faculty/college council, and confirms support for development of a full program proposal. (Note: since Concept Papers are statements of intent and do not provide fully developed curriculum, review by faculty/college curriculum committees is not necessary.)
4. **Provost's recommendation to Academic Planning & Priorities Committee (APPC):** Upon approval by the dean and faculty/college council, the Provost, in consultation with the Senior Academic Leadership Team, assesses all Concept Papers submitted in a given cycle, , and prepares a report for presentation to APPC (with accompanying rationale) on Concept Papers that are: a) meritorious and supported for development with a specified timetable for implementation and start date; or b) not supported for development (with an explanation).

5. **APPC:** APPC reviews and recommends Concept Papers to be approved for development.
6. **Senate:** Senate reviews and recommends Concept Papers.
7. **Board:** The Program Report and Plan, which includes Concept Papers, is submitted to the Board for approval. **Only upon approval by the Board should a Program Working Group proceed with submitting the Full Program Proposal for internal review and approval.**

**Approval process for Concept Paper**

## Full program proposal

**Orientation Meeting:** Following approval of concept paper, an orientation meeting will be held to review program design principles and proposal preparation. This meeting will include the PWG chair and members; Teaching and Learning representative; Dean responsible for the program; and the Associate Director and Assistant for Program Development and Quality Assurance.

Programs requiring Ministry approval (degree programs) complete Stage 1 development prior to proceeding to Stage 2 development of the program proposal (see A below).

Programs requiring internal approval only (non-degree programs) proceed directly to development of the full program proposal (see B below).

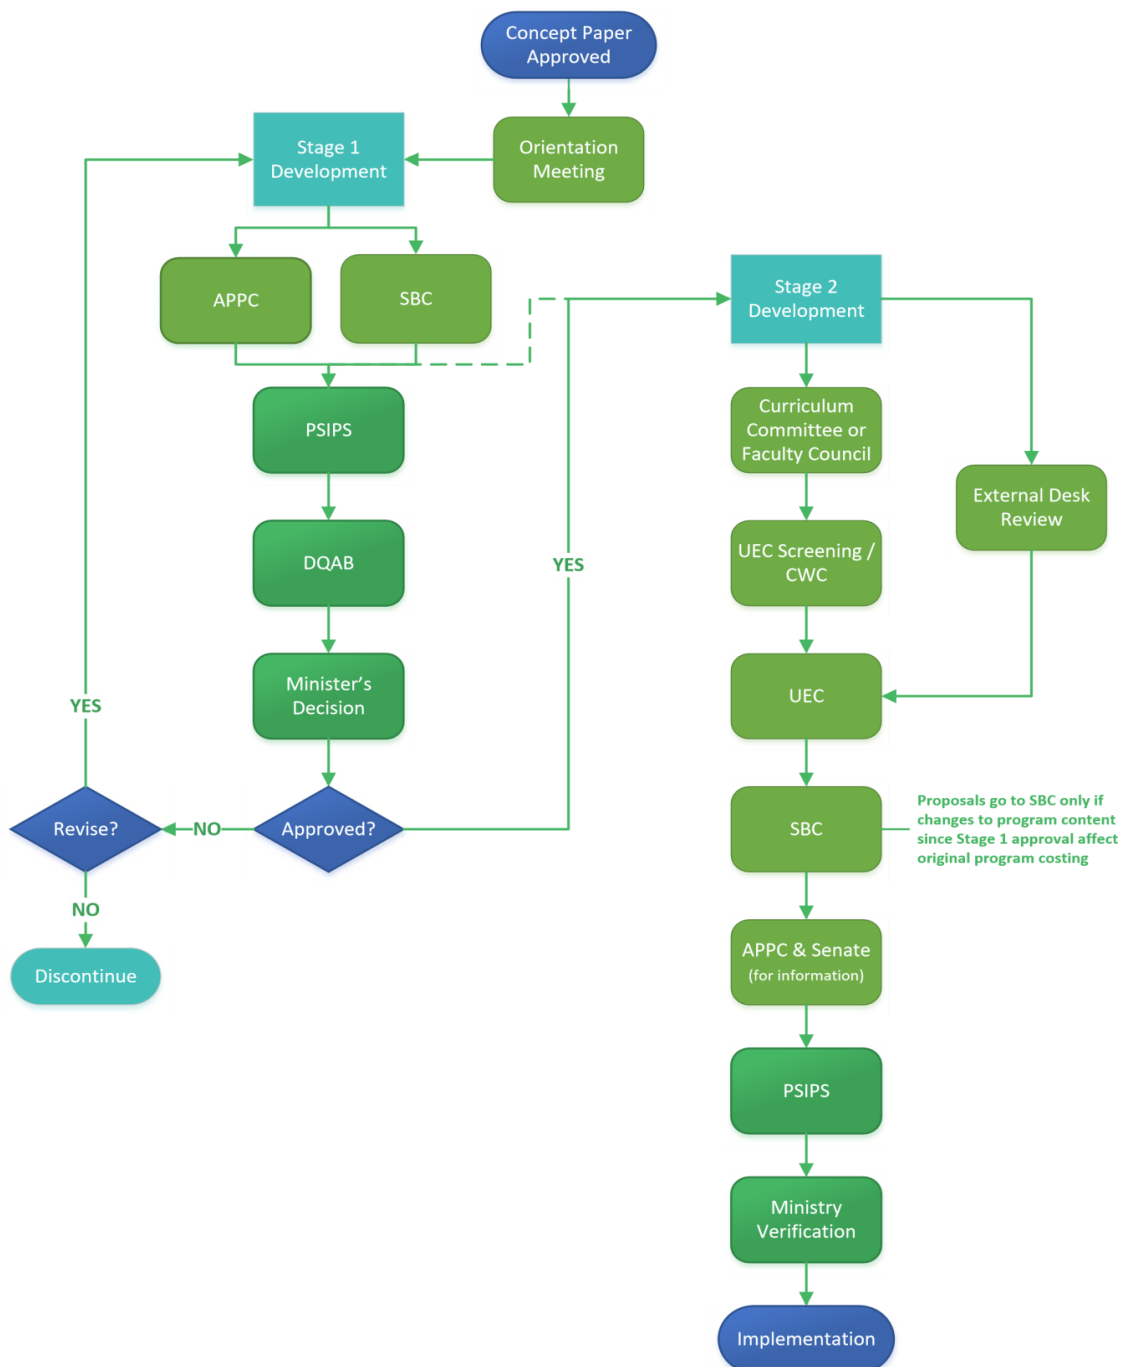

### **A. Programs requiring Ministry approval (degree programs)**

1. **Stage 1 Development:** The PWG, with assistance from PDQA, develops the learning outcomes and curriculum for the program, and completes the research and consultation required to address the Stage 1 standards and criteria set by the Ministry. The completed Stage 1 is submitted to PDQA who verifies completeness and appropriate consultation.
2. **Stage 1 Approval:** PDQA submits the Stage 1 proposal to APPC and SBC (Senate Budget Committee) to verify that it meets the standards and criteria required. Both committees must verify the Stage 1 before it moves forward for Ministry review. Once verified, the Stage 1 proposal returns to PDQA who ensures completeness, and then submits through the Office of the Provost and VP Academic to the Ministry for posting to PSIPS (Post-Secondary Institution Proposal System), review by the DQAB (Degree Quality Assessment Board), and Minister's decision on Stage 1 approval. The PWG may either proceed with Stage 2 development pending Ministry approval, or wait for the Minister's decision before proceeding with Stage 2. If the Stage 1 proposal is not approved, a decision will be made on whether to revise based on Ministry feedback, or discontinue development.
3. **Stage 2 Development:** With the assistance of PDQA, the PWG develops and writes the Stage 2 program proposal. The PWG submits the program proposal and draft calendar copy to PDQA, who verifies completeness and ensures appropriate consultation has taken place before submission to faculty/college curriculum committee or faculty council, as applicable.
4. **Curriculum Review:** The faculty/college curriculum committee or, in the case of faculties that do not have a curriculum committee, the faculty council, review and approve the Stage 2 program proposal and, if applicable, the new courses related to the program. The proposal will include a summary of the consultation that has taken place, with supportive evidence. The PWG responds to any feedback, revising the proposal as needed, and submits to PDQA.
5. **Desk Reviews:** The Stage 2 program proposal will be sent to external reviewers early during the internal approval process. Once available, the external reviewers' comments, and PWG's responses to the comments, will accompany the program proposal as it goes through internal review.
6. **UEC Screening Subcommittee and Campus Wide Consultation:** PDQA submits the proposal to the UEC Screening Subcommittee who reviews the proposal and verifies that all appropriate internal consultation has taken place. Notice of proposals is also submitted to Campus Wide

Consultation (CWC) for information only. Since internal consultation will have already occurred during the program development process, new program proposals are not required to remain at CWC for a specific time period; however, developers must nonetheless respond to any comments received from CWC and, where applicable, include any responses in the program proposal.

7. **Undergraduate Education Committee (UEC):** PDQA submits the program proposal, calendar copy, consultation summary, and the PWG's responses to comments from UEC Screening to UEC for review and verification that the program meets degree quality standards and quality curriculum principles. UEC recommends approval on behalf of Senate. All new courses or substantially revised courses that are included in a new program must also be approved by UEC before the program moves forward to the next step in the approval process.
8. **Senate Budget Committee (SBC)** Program proposals requiring Ministry approval go to SBC only if changes to program content since Stage 1 approval require adjustment to the original program costing.
9. **Academic Planning & Priorities Committee (APPC) and Senate:** Following UEC and (where required) SBC approval, PDQA ensures completeness of all documents before sending the program proposal to APPC and Senate for information. APPC and Senate reserve the right to request revisions to the proposal if deemed necessary. Furthermore, if Senate determines that the program has substantially changed from what was proposed in the Concept Paper, Board approval is solicited.
10. **Stage 2 approval:** The Stage 2 proposal returns to PDQA for final review and is then submitted through the Office of the Provost and VP Academic for posting to PSIPS and Minister's verification of Stage 2 completion, as required by the Ministry of Advanced Education.
11. **Implementation:** Upon final approval, PDQA meets with the PWG chair, the responsible Dean(s), and the Vice-Provost to review the implementation procedures for the new program.

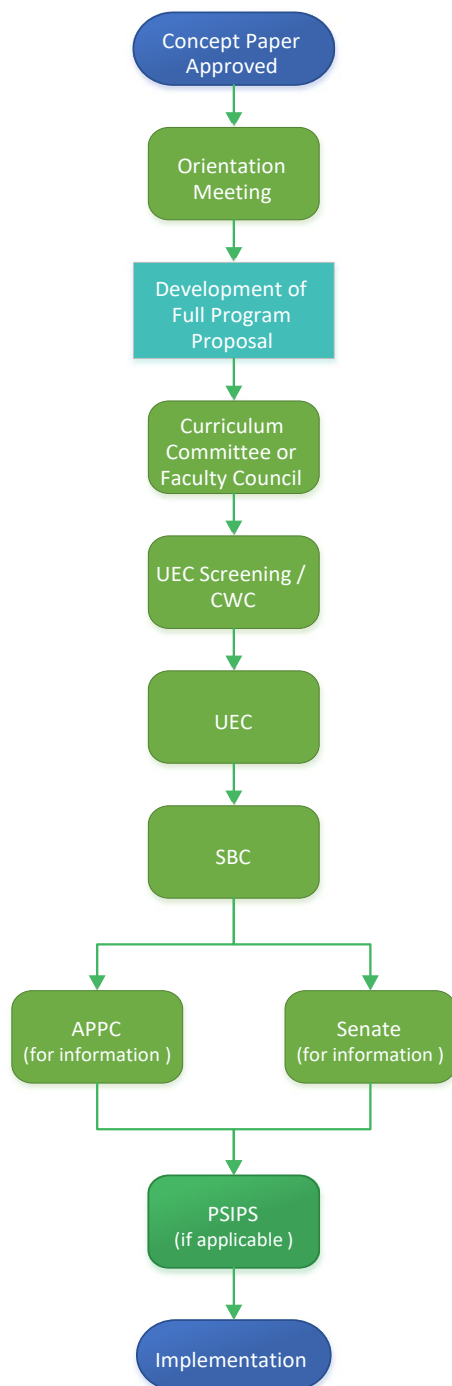

**Process for program proposals requiring Ministry approval**

**B. Programs requiring internal approval only (non-degree programs)**

1. **Full Program Proposal:** With the assistance of PDQA, the PWG develops and writes the full program proposal. The PWG submits the program proposal and draft calendar copy to PDQA, who verifies completeness and ensures appropriate consultation has taken place before submission to faculty/college curriculum committee, or faculty council, as applicable.
2. **Curriculum Review:** The faculty/college curriculum committee or, in the case of faculties that do not have a curriculum committee, the faculty council, review and approve the program proposal and, if applicable, the new courses related to the program. The proposal will include a summary of the consultation that has taken place, with supportive evidence. The PWG responds to any feedback, revising the proposal as needed, and submits to PDQA.
3. **UEC Screening Subcommittee and Campus Wide Consultation:** PDQA submits the proposal to the UEC Screening Subcommittee who reviews and verifies that all appropriate internal consultation has taken place. Proposals are also submitted to Campus Wide Consultation (CWC) for information only. Since internal consultation will have already occurred during the program development process, new program proposals are not required to remain at CWC for a specific time period; however, developers must respond to any comments received from CWC and, where applicable, include any responses in the program proposal.
4. **Undergraduate Education Committee (UEC):** PDQA submits the program proposal, calendar copy, consultation summary, and the PWG's responses to comments from UEC Screening to UEC for review and approval. All new courses or substantially revised courses that are included in a new program must also be approved by UEC before the program moves forward to the next step in the approval process.
5. **Senate Budget Committee (SBC)** Following UEC approval, PDQA submits the budgetary analysis, program proposal, and calendar copy to SBC for review and approval.
6. **Academic Planning & Priorities Committee (APPC) and Senate:** Following UEC and SBC approval, PDQA ensures completeness of all documents and submits the proposal to APPC and Senate for information. APPC and Senate reserve the right to request revisions to the proposal if deemed necessary. If Senate determines that the program has substantially changed from what was proposed in the Concept Paper, Board approval will be solicited prior to program implementation.
7. **PSIPS:** For proposals that require posting to the Post-Secondary Instructional Program System, the proposal returns to PDQA for final review and is then submitted through the Office of the Provost and VP Academic for posting to PSIPS for 30 days. The PWG must respond to any comments received during the PSIPS peer review.
8. **Implementation:** After the proposal has completed APPC, Senate and, if applicable, PSIPS, the PDQA office organizes a meeting with the PWG chair, the responsible Dean(s), and the Vice-Provost to review the implementation procedures for the new program.
