

COIL Faculty Matching Form

- Use this form to describe your interests, your course, and what you are looking for in another classroom partnership to implement a Collaborative Online International Learning (COIL) course.
- This is an application process and spots are limited so not all who apply will be selected. Selections are made based on the best faculty matches between applicants. This is to ensure successful implementation of the University of the Fraser Valley (UFV) COIL program.
- Please note that this form will be shared with the international partner you will be matched with.
